Prologue

Lee was awake when it began. Sitting in his chair while playing Hozier with his beloved chinchilla ROXY in his lap. Lee looks off through the window at the storm brewing... He sips his tea and strokes his chinchilla once again trying to find inner peace and relaxation. As the sky grows darker Lee changes the song to Adele rolling In the deep. When with just one gust of wind Lees windows to his small wooden cabin burst blowing every belonging in each direction. Lee struggles to collect the scattered belongings. Lee knew what he had to do. He looked ROXY in the eyes one last time and calmly let's go of her as a sacrifice to the tornado. He watches in awe as the chinchilla is pulled into the storm. Spinning as though

she were a dradle during hannakah. The moment ROXY is completely devoured by the Tornado Lees heart splits. Lee throws up in agony. Lees body is whisked outside. It forcefully slams into Lilis windshield. Lili attempts to slide Lee off her windshield only to slam into Rae's car. As Rae's car lights on fire tumbling into a ditch. Rae is sucked into the tornado herself at the same time as Lee. They make eye contact. Lee grasps Rae's hand. Rae screams in terror and tries to pull away when Lee kisses her. Lee had no contact with any female at all until now. After the kiss Rae let's go. Free falling into the remainder of the tornado.

That was the last string for Hiccup. He just stopped functioning. He didn't remember anyone or anything from the time he met Toothless. That's when Valka had no other choice. Confused and asks "what hiccup I'm not your dad. Stoick died 12 years ago". Hiccups body goes into sheer panic. He begins screaming. Throwing his body into every object in his path. Ripping any perishable object. Barry B Benson sits in the corner of the room reading his newspaper. Barry giggles slightly and winks. Ruining the tantrum. Hiccup is throwing.

That being said, Hiccup could no longer live at all. Barry shoves his enormous stinger into the left side of Hiccups brain and Hiccup falls to the ground dead. Barry gave his life to kill Hiccup.

Moments later Cory rips off his year stained shirt to reveal he's actually Josh Nichols. "MEGAN" he hollers. Megan winks.
